ENGLISH - Rental rules and contract summary Summertime Boat Rental Lazise

EXIT AND ENTER SLOWLY BETWEEN THE YELLOW BUOYS!

navigate slowly for the first 300 meters perpendicular to the coast and where possible in the launch lane marked by the yellow buoys!!! 300 Meters is 100 meters after the yellow buoys

After 300 meters you can go fast and in any direction!!!!

Be careful, the police is very strict with the 300m rule and the fine can be high (400 euros) if you do not respect it. Always keep a minimum distance of 300m while sailing.

The 300m are not marked on the lake, so it is best to keep a sufficient distance.

DO NOT pass with the propeller over the buoy, there is a chain under it that can break the propeller.

Also on the way back: slowly in a straight line towards the shore BETWEEN the YELLOW BUOYS!!!! On the way back a collaborator will assist you with the mooring.

_

Check carefully that the propeller is not damaged. Then we will explain how the boat works. The map is on board.

If you have petrol excluded, check with our collaborator if the tank has been filled up

If you have gps you can always use it

Alternative:

When you are 300 m from the coast, turn around and you can look at the Caneva World slide tower as a reference.

Do not confuse with those of Gardaland which is further south.

The southern coast of Lake Garda is Shallow. From Gardaland to Desenzano stay atleast 600 meters from the coast

Even in Herbeurg and up to 200m from t

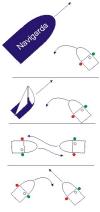

Even in Harbours and up to 300m from them you must go slowly and perpendicular. Inside the port you must keep to the right and move at minimum speed. If you have no experience in navigation it is advisable not to enter ports. It is very easy to damage the boat or that of others as they are normally crowded and with very narrow spaces. It is difficult to carry out maneuvers. It is not permitted to go to the old port of Lazise, Sirmione and Private Ports.

Return as soon as possible in case of bad weather or strong winds with high waves. Remember that the weather changes often and quickly on Lake Garda. In case of emergency enter the nearest port and call for instructions.

Follow the priority rules (if in doubt, slow down or stop)

Sailing boats and work boats (ferries, police boats etc.) must not be hindered under any circumstances.

As with the car Switch to the right

Right side has priority

 Keep at least 100m away, diving is practiced in the area

The boat is like a car: approved for a certain number of people. No more people on board as indicated in the flyer. Children and babies count as people!!!

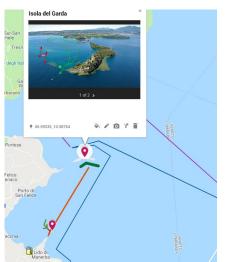

Driving under the influence of alcohol is strictly prohibited (license withdrawal and fine from 2 to 8 thousand euros). Irresponsible and dangerous driving is also strictly prohibited.

Water skiing. Wakeboarding and other towed sports must be performed at least 500m from the coast and with a valid boating license!!

In the north (from Malcesine Limone) of Lake Garda motorboats are not allowed (see the map on board)

Pass only near Isola del Garda. Don't pass anywhere else!!!

Beware of rocks under the water near the shore. Stay away. Don't go under bridges. The Bimini top is too high.

A) — Be back on time for the next customer. 5 minutes early for those who need to refuel and exactly on time if you have already filled up your tank yourself. For every minute of delay you will be charged 1 euro. If you want to stay out longer, call to ask if the boat is free. If there is availability, only the difference will be charged.

B) -— The boat must be returned in the same condition as when delivered. Clean, with all the equipment on board and with the propeller undamaged. You can refuel at the petrol stations indicated on the map for boats petrol not included.

C) - The boat is for personal use and can only be driven by the renter.

D) - Boats are insured kasko with a contribution of 15% of the damage with a minimum of 300 euros (example - with a

minimum of 300 euros (example - with a damage of 400 euros you have to pay 300 euros and with a damage of 5000 euros you have to pay 750 euros)

E) - DOGS: only small size allowed

BACK TO SUMMERTIME RENTAL

Do not forget. If you rent a boat you are responsible for your behavior on the water If the boat is confisticated by your own fault, the costs will be passed on the customer. Also damage caused by improper use of the boat (accident under the influence of alcohol, reckless behavior, etc) are not covered by insurance and will be charged to you personally.

Contents of Annex 2 of decree 1/9/2021 are found on the boat and explained – Boat driving rules
